DOWNTOWN PARKING LOTS

Downtown Events offers a variety of parking lot options that can accommodate as few as 750 people to as many as 8,000 for everything from an outdoor market to large-scale, festival-type events with substantial exhibitor space. Our parking lots have been the home to concerts, extreme sports and outdoor adventure events as well as exhibitions and competitions. Centrally located, Downtown Events' lots are ideally situated to hold start and finish line festivities for varying sizes of runs and walks.

Some of our parking lots are equipped with Wi-Fi and power. Additionally, parking lots can be rented individually, or all of our lots can be rented together for a major downtown activation.
